

## Mp3 Call Me Alice - All Against 5ive

[DOWNLOAD HERE](#)

A dynamic hybrid rock band flavored with electronics and fronted by a female vocalist. 13 MP3 Songs  
ROCK: Modern Rock, POP: Today's Top 40 Details: "Solid, grounded rock music meets the dangerously passionate and frighteningly theatrical," as Jennifer Layton of Indie-Musicexplains, would be a dead on description of Call Me Alice. Call Me Alice is definitely a new sound and perceptual experience. The music is ultra modern, melodic, hook-oriented and, above all else, it rocks. The 5ive member clan combines a strong diversity of musical styles and harmonic approach to the lyrics. Erik Beyer from Onlinerocksays, "This band delivers a powerful sound, ahead of their time...a good mixture of guitar and electronica used well...," while Mary Montgomery of the San Diego Reader writes, "Crosby is captivating - she possesses all the seductiveness of Shirley Manson's vocal range, while maintaining the playfulness of Gwen Stefani's delivery." Also propelling Call Me Alice to new levels is the advent of their stage performance with an integrated light show and their website where the band members are characters in a Universal story which is constantly unfolding. The new Call Me Alice EP entitled, "All Against 5ive," is a very high energy and harmony driven album. Mixed by Alan Sanderson, a top industry professional, the songs bellow with a fat rhythmic undercurrent while the top end is rich from note to note. Call Me Alice previously released two EPs in the fall of 2000 and fall of 2002 titled "2000" and "Sweet New Disease", respectively. Songs from these releases have received much acclaim and have won several contests.
