Prog-Pop with lots of chugga chugga riffing. 13 MP3 Songs ROCK: Modern Rock, POP: Power Pop
Details: Casual Drama is a Montana trio chasing the beat with emotive melodies and charging harmonies. Forming in the summer of 2002, Casual Drama began developing their powerful three-piece sound in Missoula. Their motivation is self-betterment. The three members have been, and always will be, musicians outside the norm of playing in a band. The enjoyment comes from achieving that tight groove where there is nothing but trust between each player. This is what they live for. On the surface, this is rock 'n roll at its purist. But give it a closer listen and you will notice a progressive overtone that is Casual Drama. Casual Drama is: Max Allyn on guitar, Adam Loewen on bass, and Checkers Barker II on drums.
