

Mp3 Dj Qube - Serenity Vol. 2: Emotions Of A Cube

[DOWNLOAD HERE](#)

Vol. 2 has a symphonic, electronic, spiritual, new age vibe. The second chapter in Qube's "serenity" collection. Music that makes you snap your fingers at times, but also relaxs you. 12 MP3 Songs
ELECTRONIC: Virtual Orchestra, EASY LISTENING: Love Songs Details: Vol.2 is finally here after over one year following the release of "Serenity" in 2005."Serenity: Emotions Of A Cube" is the second chapter in Cube's Easy Listening/New Age Collection and 5th released album to date. As the title suggests, every song on this album reflects a certain emotion when it's heard. Recorded this time around at a higher more professional quality, clearer sounding instruments, and better sound balancing, this album proves better than its' predecessor. Exercising his symphonic egde, Dj Qube uses more strings vs the brass he used in Vol.1, giving his songs a more orchestral vibe rather than an electronic one. Each one of his tracks are aptly named which ables you feel and connect with each song as it plays. "Serenity Vol.2" certainly reflects the time it took to make it.
