Peaceful instrumental renditions of traditional Christmas songs 11 MP3 Songs NEW AGE: Ambient, JAZZ: Smooth Jazz Details: Nathan Weinhold has been writing, producing, recording and performing in Lincoln, Nebraska for many years. A talented multi-instrumentalist and producer, he's made his mark in local pop groups and founded and directed the worship team "One Accord" at Lincoln's Faith Lutheran Church starting in 1999. Among other projects from his studio, he produced the album "Shelter on the Way" for that band. In response to the financial crisis that resulted when a praise band's son fell ill with cancer, Nate worked in his studio to create this solo Christmas album, on which he plays all the instruments. It is a tastefully produced showcase of Nathan's distinctive piano and multiple-layered keyboard style. Peaceful Christmas landscapes are wrapped up by the rousing final track, "Angels We Have Heard on High". All proceeds from album sales benefit the family of Ian, now cancer-free, whose story can be read here: [andyring.com/ian](http://andyring.com/ian)
