Inspired by the faith-filled life of Nile Calvin Moss. A group of Niles Friends (Entertainers, Musicians Artists) came together, all in one accord, to eliminate the spread of MRSA. Inspired by a practice loop of Nile playing a jazz riff with his music teacher and his father, these Friends of Nile came together to create 8 versions of Niles Smile, reaching into their musical passions including everything from Jazz to Rock Roll. Words came to join music soon after as artists, moved by their compassion feeling for Nile, wrote down the words that described him best: Love, Proud, Faith, Peace, Gratitude, Perfection, Memories which then became the basis of the title tracks. Background: On Easter weekend 2006, Nile, 15 years old, was one of the 100,000 people that succumbed to a deadly bacterium named MRSA, (Methicillin-resistant Staphylococcus aureus) aka: Staph Infection Bacteria, Hospital Disease, the Superbug or Flesh Eating Bacteria, to name a few). Over 100,000 lives (thats more than the number of lives lost to cancer, AIDS, and heart disease combined) are lost each and every year and now its reaching epidemic proportions. MRSA will also cause the loss of thousands of limbs and the devastation of an untold number of lives. Each year over 2 million people are diagnosed with the bacteria, and that number is increasing at an alarming rate, yet hospitals remain silent. Heres how you can help Visit the following websites and learn more. Support the public reporting of Hospital Infections.
