The music on this work is flowing, melodic and in the fourth world mode, portraying Italo Calvino's fantasy of Kubla Khan discussing his empire with Marco Polo. 10 MP3 Songs ELECTRONIC: Soundscapes, NEW AGE: Ambient Details: In his highly imaginative and evocative novel, Italo Calvino, premier Italian author, created a landscape of the East that crossed mental borders as well as physical. In it, Marco Polo and Kublai Khan muse and fantasize about the vast empire and touch upon some of the questions and ironies of the ancient and modern worlds. The music is a set of personal impressions of Calvino's vision, reflecting the various exotic locales and the focus of the third eye.
