

# Mp3 Disparition - Transmutations

[DOWNLOAD HERE](#)

Electronic music with an organic approach and style, with heavy use of piano. A blend of downtempo and ambient with influence from prog rock, kraut rock, shoegaze, idm, and folk musics from around the world.

14 MP3 Songs ELECTRONIC: Down Tempo, ELECTRONIC: Ambient Details: Raised in the San Francisco Bay Area, composer Jon Bernstein has been playing piano for some 25 years and making electronic music for 8 years. The music of Disparition is drawn from a wide array of influences in many different genres, and attempts to create a natural sound yet surreal atmosphere. More than anything else the music is inspired by visual art and in a way is intended to be heard as visual art.
