

Mp3 Ed Perrone - Nostalgic Tears

Folksy love song title track, plus mellow guitar and synth instrumentals. A nice eclectic mix. 8 MP3 Songs

FOLK: Gentle, NEW AGE: Ambient Details: Ed Perrone's first CD is an eclectic mix of 8 songs, ranging from the mellow, folksy title track to the catchy, techno-pop stylings of With the Top Down. The CD's 7 instrumental songs (all but Nostalgic Tears are instrumental) primarily feature Perrone's guitar playing, although Descent is an ethereal, synthesizer-based composition with nary a guitar to be found. Perhaps the best word to describe this CD is moody. Nostalgic Tears (Vicky's Song) is joyous; Something for You is light and carefree; The Final Goodbye is haunting; With the Top Down is simply foot-tapping happy. Each song, more than anything else, sets a mood and captures an emotion. Ed's music has been licensed for use in stage productions, films, and TV shows.
