This is an amazing album. All the elements of classic R&B style combined with the music of today. 13 MP3 Songs URBAN/R&B: Rhythm Blues, URBAN/R&B: Soul Details: Biography: Rene Jones Born raised in Columbus, Ga., Rene was introduced to music at an early age. Being the daughter of a church choir pianist made it easy for music to be imbedded deep in her spirit. Once of age, she became a member in the choir her mother played for, thus beginning her journey in music. "I've always been ahead of my years in terms of the music that captured my attention. I'm greatly influenced by the old-school music my Mom would play around the house." Rene has an appreciation for all genres of music. I love good music in general. I listen to music from The OJays, Donnie Hathaway, Floetry, Maroon 5, John Mayer, George Duke and Jay-Z to Shania Twain. Her musical influences include Angie Stone, Anita Baker, Jill Scott and Toni Braxton. "I initially began writing poetry. Soon after, the poetry and my love of good music combined and turned into songwriting. I love the art of creating good music...music with a message." Rene is the executive producer of her independent debut album "Chill Factor". The album was released January 2007. This album is a collection of love songs. Love of lovers, love of self, love of good feelings love of inspiration. On this album Rene displays exceptional skill in writing songs that tell a complete story or conveys an emotion from beginning to end. Rene has had the privilege and great experience of working with some very talented producers, songwriters and vocalists on this album. According to Rene, "The entire project has seemed destined from the beginning because it's never been 'hard to do'. Everything has come together easily. Im grateful that the effort allowed me to pen 9 of the 13 songs on the CD while creating or contributing to the vocal arrangements in all 13. Its a wonderful creative outlet. "I know this is my destiny; to share with others the true to life emotions situations that I know everyone can relate to. This is a life long dream that's finally coming true for me. Now, I'm ready to

share it". The Rene Jones debut CD Chill Factor is a collection of R&B/Soul songs that will appease the discriminating ear of the choosy lovers of soulful music.Absolutely timeless! (UK)Steve's Soul Sounds (steve soulsounds)... "Another CD putting in a strong challenge for the best of 2007. Check out "Show Me" for one of the best tracks of the year."
