

## Mp3 The Cheeps - Rock: Punk

[DOWNLOAD HERE](#)

Twisted, sinister garage-punk from Washington state. 16 MP3 Songs ROCK: Punk, ROCK: Glam Details: Twisted garage punk from Bellingham, WA - flavored with spooky organs, retarded horns, and the snotty, hopeless, vocals of Leather Pants. Debut album reminds of NEW BOMB TURKS or HIVES and oddly enough, at times, THE STROKES. This is a hard-driving record that never lets off the gas, and the hooks are the kind that grow on you more with each successive listen. Recommended tracks: "Anything New Please," "Don't Cry For Me," and "Little Bug."
