

Handbook Of Environmental Isotope Geochemistry

[DOWNLOAD HERE](#)

Section-A: Foundational Chapters.- Volume-I: Section-B: Applications of Isotopes in Aquatic Systems.-
Volume-I: Section-C: Applications of Isotopes in Groundwater System.- Volume-II: Section-D:
Applications of Isotopes in Exploration Geochemistry.- Volume-II: Section-E: Applications of Isotopes in
Atmospheric Studies.- Volume-II: Section-F: Applications to Weathering and Geomorphological Studies.-
Volume-II: Section-G: Applications of Isotopes to Archaeology, Anthropology and Human Health.-
Additional Chapters/Topics for consideration.-Applications of Isotopes to Climatic Research. EAN/ISBN :
9783642106378 Publisher(s): Springer, Berlin Discussed keywords: Geochemie Format: ePub/PDF
Author(s): Baskaran, Mark
