Traditional Celtic Folk. 13 MP3 Songs WORLD: Celtic, FOLK: Celtic Folk Details: "We Are Everywhere" is a duo effort by Tinsmith members Brooke Parkhurst and John McLoughlin. Beautifully flowing celtic melodies, rich harmonies and just a touch of good humor adorn this recording. This recording was made before the addition of Rowan Corbett and the conception of Tinsmith. The traditional music and stories of the Celtic lands were kept alive by the traveling bands of tinsmiths known as Tinkers. Since the celtic rock trio Tinsmith formed in 1998, they have been crafting their own brand of postmodern Celtic roots rock. Combining traditional instruments, tunes and songs with elements of rock, electronica, R&B, blues and jazz influences... In the spring of 1997 John McLoughlin and Brooke Parkhurst met Rowan Corbett at a festival in Atlanta, GA. After much mutual admiration, they began experimenting with the possibilities that a trio could afford. They left that festival vowing that if anything should change they should join forces. The following year found Rowan a free agent and Tinsmith was born.
