Trip hop House. Electronica with some guitars and vocals in an adventurous song structure. 9 MP3 Songs ELECTRONIC: House, ELECTRONIC: Trip Hop Details: This CD "Sticky Nucleus" is a 5 track EP sampler for the forth coming album Core Element is a musical endeavor that seeks to explore the realms of electronic music and it's fusion with "the song. Stylistic influences range from drum&bass and house to hiphop, triphop, alternative rock and jazz/funk. The love of music and it's many colours is our driving force. We like to poke around in the dark and find a groove that evolves and an arrangement that progresses. It's basically us just having fun with the sounds of music. It has been a while in the making however, since it had to come with a balance of lifestyle and music business. We also run a music production house for film and television and financially we had to take a giant leap into the deep end of debt and live on the bones of our ass as artists do. But now we are at a state of high yield so stay tuned because the songs are gonna keep comin' baby. core element are based in Perth, Western Australia. Singer songwriter Susan Daws lead vocals Composer/producer Ben Chase programming, keyboards and vocals. They have come from both performance and studio backgrounds since their late teens. There is more info, music and links to samples of our projects at our page.
