

My First Book Of Chinese Calligraphy - , Zhihong He

Chinese writing and calligraphy are two different things. People often confuse the two. Kids in China learn to write with a pencil or a pen, but they don't all practice calligraphy. You use a brush for that. Calligraphy is the art of creating the characters beautifully, not just writing them down. In China it's been an art for thousands of years, and it's still very important today. Just like famous paintings, wonderful Chinese calligraphy can be displayed in museums and can be very valuable.
