Video 5 - Where To Start Once You've Got Your Autoresponder Service The next step is all focused on the methodology of list building. We'll take a look at things like how your website should be laid out, categorizing your list into sub-niches for easy management, offering gifts for sign-ups and much much more. Get this right from the start and you'll find the whole process a lot more easier!

Video 6 - List Building With Co-Registration Co-registration is a list building technique that'll allow you to gather the names and emails of prospects without having to work any harder than you need to. This video will go into detail about this powerful technique and will also provide you with 4 useful networking sites that'll allow you to do this.

Video 7 - Using Giveaway Events To Boost Subscriber Rates Having the ability to hold a list is just part of the equation. Building it is another matter altogether which is why you'll be shown the most effective ways to do it. Giveaway events are a great way to do this and all you need is some form of original content that you're willing to give away. Don't worry about selling now, you can do it later and it will pay off. Watch this video to see how it's done.

Video 8 - Using Pay Per Lead To Boost Your Subscriber Rates Paid advertising is very effective because you get results straight away rather than having to wait days, even weeks for something to happen. In this video we'll take a look at the variety of paid services you can use to speed up your list building campaign. This is an important video if you're got a budget to work with and want to know where to put your money.

Video 9 - "I've Got A List... Now What?" This is a common asked question and can leave you out in the cold if you're unsure. Remember you're not just trying to build a mailing list, you are eventually getting them to buy from you - but it's not going to happen by force. This video will go through some important steps about what you should be sending to your list, how often and when. Keeping a pattern going will let them know what to expect and they will get use to you emails.

Video 10 - "Will They Like Me Emailing Them?" Whether or not a

subscriber will like you emailing them is another matter altogether. If you've followed the previous steps about list building you should have quality leads. However there's a little bit of relationship building needed before they can trust you and ensure that you're not just another marketer after their money, but rather have their interest at heart. Watch this video to see how this is done and how you can even do this automatically! Video 11 - "I Need Stuff To Send Them... What Do I send?" Sending out emails to a mass of people when you've never done it before can be quite daunting. Yes you've emailed someone one to one before but on a mass scale there's a few things to consider... You need to make it personal whilst catering to a wide audience, you want it to be friendly and useful without wasting their time and you want to do it without offending and encouraging unsubscribes. This video will reveal what you need to know in this sensitive area and how you can take shortcuts using pre-written messages and PLR material! Video 12 - A Recap On Everything You've Just Learned And Getting To Work! Finally after going through the previous videos we're going to summarize everything you've learned so far. Get yourself a pen and paper and jot down these important points because you'll need to refer back to them when you come to building your mailing list super fast!
