

# A Space For Hate: The White Power Movement's Adaptation Into Cyberspace - Adam Klein

[DOWNLOAD HERE](#)

While many books in recent years have addressed the notable ways that popular internet culture and cyber trends such as blogging have democratized the community of information seekers and providers, little research to date has addressed the darker element that has emerged from that same democratic sphere. That is, the huge resurgence and successful transformation of hate groups across cyberspace, and in particular, those that promote white supremacist ideas and causes. A Space for Hate speaks to the media and information topic of hate speech in cyberspace, but more specifically, how its inscribers have adapted their movement into the social networking and information-providing contexts of the modern online community.
