R Rickards wrote this book in order to give the British a sense of India and its people. His love of the land and its people is strongly felt in his work. He covered such topics as their cast system, their diet and habits, a historical sketch of conditions under the former government, the revenue system under the East India Company government, the revenue system within the British territories, Bengal prior to 1789, Dewanny Grant Company Administration, and many more topics specific to various regions. Rickards hoped that by learning about India's antiquities, religion, literature, philosophy, and language the British would be able to make better plans for the area. Author: Rickards, R.
