Diverse and catchy acoustic and electric pop/rock 10 MP3 Songs POP: Folky Pop, ROCK: Album Rock  
Details: Jay's first album is really made up of recordings done over two years. Five different engineers, three different studios, one songwriter off to a running start. Half of the songs were recorded by Jay solo, and half were tracked by his Minneapolis-based trio. A first album that really sounds like a first album. For admirers of Jay's most recent work, this is a great way to hear the beginning.
