Folk, soul, pop, and a little country 10 MP3 Songs FOLK: like Joni, FOLK: like Ani Details: "Venter sings, like most young writers, about relationships, what's striking about her work is her awareness of her place in the struggle. There's a surprising lack of blame and judgment here; a real search for meaning that should touch listeners of all age." - Andrew Calhoun, Waterbug Records "One CDBABY reviewer writes; 'Few singers turn first time listeners into eternal fanatics as effortlessly as Molly Venter; her voice is an unbelievable burgundy, many notes, flavors, fragrances and it all goes down like silk.'" -American Songwriter Magazine, 2006 "Molly Venter's deep, soulful voice seems larger than her small frame could possibly produce. See her perform live, though, and one learns that her stage presence magnifies her, steals any show and demands attention." -Idaho Mountain express, 2004 Hi! This is Molly. I love writing and singing for people. I love to dance and read and walk around new places. I've spent formative years in New Haven, CT, Western Massachusetts and Vermont, Ketchum Idaho, Austin Texas, and most recently, Guanajuato MX. Now all I want for Christmas is a camper van, a cellist and a percussionist; I've got the atlas. Many many thanks for the support of my family and my friends.
