Riting Myth, Mythic Writing: Plotting Your Personal Story is a both a theoretical as well as interactive book on the nature of personal myth. Its intention is to offer participants who wish to explore further the terms and structure of their personal myth over 80 writing meditations that are spread throughout 9 chapters in order to guide the readers-writers on a pilgrimage into the deepest layers of their personal myth. -- An added feature of the book are writing meditation responses from participants who have been part of the author's writing retreats in both the United States and Europe. Their power and authenticity attests to the strong desire and need of each of us to explore what myth guides us, what terms it does so within and what one can learn to become more conscious of those deep forces in the psyche that seek expression in all we do and are. -- Dennis Patrick Slattery, Ph.D., has been teaching for 42 years, the last 17 in the Mythological Studies and Depth Psychology and Depth Psychotherapy programs at Pacifica Graduate Institute in Carpinteria, California. He is the author, co-author, or co-editor of 18 books and over 300 essays on scholarly and cultural topics as well as book and film reviews that have appeared in books, magazine, journals and newspapers.
