Anaya Music - Laman, A Galaxy Adventure Songs Details: Anaya began studying piano and guitar at the age of four, and is a self-taught keyboardist. She began her musical career by giving recitals to friends and playing in her school band. Early in her adult life, she became a computer specialist in Brazil. She later attended the University of Syracuse and earned a Post Doctorate degree in Leadership. Anaya then chose to restart her music career, while still teaching computer classes at the University of Brasilia. From early on people said Anaya would be an academic, and indeed she later on became professor of Information Systems at the University of Brasilia. Her many years dedicated to management and leadership overflowed into a deep understanding of self-management and self-leadership, using ones own energies. However, throughout these experiences, music was always present, bubbling just below the surface. Anaya is an unique talented artist - Composer,performer,singer, producer, with an international profile.Ranking of TOP Selling and HOT PICK cds in the latin genre in the ex-mp3 and newage style in music sites in the USA, in Europe and in Asia. Anaya is a professional musician that is also a dancer and an instrumental performer: an artistic premature talent with a sense of self-taught person, she is also educated in dance, singing, art painting, drama, and maily in guitar, Piano, and in computers. Anaya has been travelling all over the world and has been performing in international hotels the pop brazilian music. She is a virtual artist and promotes her musical work through an internet site, where she participates in chats and email with fans to communicate with her audience. Ascap(1998) and AscapAward Plus(2004 and 2005), Grammy Recording Academy(2004), AllMediaGuide-AMG(2003). In

1990 Anaya again dedicated herself to music, initially as a classical singer and then composing guitar music. Anaya has over 200 songs registered at the Rio de Janeiro School of Music. In 1995 she devoted herself to studying keyboard and using computer and sound technology. Her earlier experience in computer science made it an easy transition to accomplish. Anaya was finally able to bring together the senses and technology. The balance and harmony of this union is fundamental to creation. As a result, the principles that guide Anayas creations are: the senses, technology, beauty, romance, sensuality, and art integration. Fan from Space380.com Anaya music is timeless! Close your eyes and get soothed by the new age style of Anaya. Anaya, Playing your wonderful music, so many different voices, a multitude of sound. You have a very unique touch almost like a fantasy of the subconscious mind. How fluid and serene! You are my favorite! Credits: Anaya :Composition, performance, production, voices. Gustavo Dreher : mixing,mastering,sound engineering, and flutes Renato Vasconcelos : guest musician with a special participation in the keyboards of the song "Som Alma"(Soul sound) Bosco : a special participation in the guitar of the song "Gipsy".
