Acoustic female rock 10 MP3 Songs POP: Today's Top 40, FOLK: Folk Pop Details: This is what I sent out today..... Dear Program Director/Operations Manager, Enclosed is a CD of a new recording artist named Faye-Marie. She is a 22 year old Australian resident whom I published. She is a very talented artist/performer looking for airplay internationally. We recorded the CD in Toronto where she is represented by her producer Mark S. Berry of Attack Records (1.416.340.9111) The album will be distributed by Universal in January of 2005. Currently Faye-Marie is in Australia seeking air-play and licensing deals there. Her first CD, Country Magic, is still being played there. Her first release will be the first track titled "Monsters." This is a soft-rock to rock song written by Desmond Child (Turn Back Time). Her second release (it may be released at the same time due to the fact that it is a pop/country tune) is track 4 titled "Someone Like You" which she wrote. Faye-Marie wrote 8 of the 10 songs on the CD titled "Truth." If neither of these songs fit your station's format, please play any of them. This is a very professional CD created by a very professional young artist. Upon her return to the United States she will be willing to do promotional concerts at your Institution in return for you giving her airplay. If you need to contact me the best way is via e-mail which is fayebrn@excite.com Thank you for your consideration.

Yours Musically, Brenda S. Hunter Publisher FME Productions
