Substance meets accessibility: an album filled with upbeat, piano driven tunes. 8 MP3 Songs in this album (29:14) ! Details: Don't be fooled by the simple melodies and catchy hooks; this is not pop. Hidden inside the ear candy by which most 'pop' artists live and die, Michael Gilbertson, who goes by his nickname, Gilbe, explores feelings well beyond the reach of most 19-year olds. On his debut album, the piano-rock driven '8-Track,' Gilbe touches on every emotion from heartache to hangover, but his attention to craft and musicianship sets him far apart from all the lonely teen 'artists' who think it's cool to be as depressed as possible. In 'The Artist,' Gilbe laments the growing complexity of relationships in a way that drips with optimism. On the Coldplay-influenced 'Once Lovers,' the entire chorus is 'Na Na Na Na, Na Na Na'- and it feels so good. And the rocking 'Jenny's Talking' is the perfect salute to the school bicycle who once-upon-a-time stole his heart and stomped all over it. On his first record, Gilbe proves himself adept at blending substance with accessibility. It's an 8-song party, the kind you might find on a rooftop in Boston, not the basement of a frat house.
