I enjoyed your compositions and feel they would go well on various Mor/lounge/easy listening compilations . Please keep up the good work . Best regards, Alex . Dr. Kim Chow Moris (is the leader of the World Class Yellow River Ensemble) Hi Ken , Thanks for all the recent e-mails and mp3 files , which I listened too this afternoon with much enjoyment . The pieces are all very pretty and mellow . There's certainly a great deal of consistency in your style ! I think Track 5 (which is Track 2 on the cd) is likely the piece most of interest to Yellow River , as it has a melody that develops in the middle and has a sense of forward movement . The fall will be quite busy for us , but I do hope we can work out an opportunity to play your piece for you at some point . Till then , All my best Dr. Kim . Pamela Phillips Oland (World Class Lyricist) Dear Ken - I have had a chance to listen too your music and I think you have a lovely talent for melodies . You certainly have an interesting ear . Best Wishes , Pamela Phillips Oland . Brazilian Guitar Quartet (World Class Guitar Quartet) Hello Ken , Thank you for sending us your music . We enjoyed listening to it and it would be nice to receive the score . As we told you before , you already set up repertoire for the next season's performances and recordings , but we will keep your music in mind for future . All the best , BGQ . Molly -Ann Leikin (World Class Lyricist/ Songwriting Consultant with whom Kenny P. has co-wrote 2 songs with) Bio Ken is a composer ,arranger , guitarist ,singer , freelance musician and music teacher who has taught with the World Accordion Champion Iona Reed and played in his own bands THE 3 DIAMONDS , with his brother Bernie and Fernando Bianconi , THE JAGUARS , with his brother Bernie and Paul Gauthier, ASBURY TRIPPER with Tony Simpkin , now World Class Pianist , Gordie Emmerson , Shawn Kirvin , then replaced by Stew Glover , THE SHUFFLERS , with Tony Simpkin and Phil May and fill ins with STEW Glover . Then the band Patches with the Lavigne Brothers Andy and Denis Lavigne later to become the very popular band Time Machine with many , many musicians playing in my Band , here is a list of some of them Al Yokenen, Gene Dubreuil , Bob Shalifoux , Paul Chapman , Brian Quebec . Tony Simpkin , Donny Reed ,Andy Bedard , Rod Dunn , Moe Chaput , Norm Lavalley , Mark Plante , Mark Leveque , Pete Grealy , Mike Lameroux , Marcel Larachoge Nicky Dupont , Dave Melleson , Tom Linkletter , Brian Wilson (not from the Beach Boys)Dan and Larry Pilon , Reg Levair , Andy Patry ,Victor John ,Stanley Wayne , and the list goes on and on and on . If I have left out your name please send me an email at the bottom of this page I would be more than happy to include your name. My band Time

Machine also had 2 or 3 house gigs the longest being at a Sudbury Ontario hotel called the Coach House we were there for about 7 years until it turned into a parking lot and now is an independent grocery store , before this some of my other bands had house gigs the longest being the very popular Belton Hotel in Sudbury Ontario where we were the house band for 8 years until it got torched we were then called THE JAGUARS . Another popular house gig we did was at the Heart Break Cafe in Sudbury Ontario where we played for about 5 years as the very popular Time Machine . The very last band of my own was DUECES WILD with Moe Chaput , AL Yokenen Dave Melasson and fill in Tom Linkletter ,we were quite popular and played a good variety of music ,especially bands with lots of vocals and harmonies the Beatles , Beach Boys , Elvis etc and some new top 40 country etc . I also played in other bands and also as a freelance musician . One band I really enjoyed playing in was the Bill Tuttle Band because he used to get all kinds of musicians up on stage like I did with a lot of my own bands . One guy Bill got up was the now famous Jeff Healey who I really enjoyed playing with ,it didn't matter what style of music I played or sang Jeff never missed a note or chord ,no wonder he became so famous . Jeff Healey is now very much into jazz and owns the Jeff Healey Club in Toronto Ontario . If you haven't seen Jeff perform go and see him at his club or in concert he is an excellent musician and really has a gift for improvising . Another 3 bands I must mention are Front Line and THE Cook Brothers Band . Front Line was a 10 piece band with brass and the whole works Rick Petryna was the Leader and most of the other members were from Toronto Ontario and I really enjoyed playing with these guys they were hot . We played a lot of big band stuff Chicago , David Clayton Thomas and so on , Rick is now a very sucessful studio musician with his own studio and writes commercials for radio and tv and does solo work in and around the Sudbury area . The 2'nd band I must mention is The Whiskey River Blues Band with Tommy Fyeffe who I used to love and sit in with quite a bit , Tom hardly ever plays the same song twice he knows so many songs everybody calls him Mr. Blues Man and Tommy has a cd or 2 out and still plays in and around Sudbury ,go out and catch one of his shows you'll love Tommy . The last band I want to mention for now was with The Cook Brothers Bob and Bill , Bob was the leader and we had Danny Fielding whose dad was the who's ,who of Sudbury and still is today . This was the very 1'st band I ever played in and I can never forget how proud my dad was when he seen me play for the 1'st time he kept telling everybody at the Legion where I played in Lively Ontario , the guitar player and singer up there is my son , he's my son . The Cook Brothers will always be a memory I will never forget it is all where the love of music began for me . As a

freelance musician I played with Irvin Prescott , Stanley Wayne , THE Edge , Mississippi Strangers, The Falcons and the list goes on and on .
