

Mp3 Switchblade And The Surgeon - Debit Credit Jesus

[DOWNLOAD HERE](#)

Electronic/alternative. Dark, moody and a little nostalgic. 6 MP3 Songs ELECTRONIC: Experimental, ROCK: Experimental Rock Show all album songs: Debit Credit Jesus Songs Details: Switchblade and the Surgeon is a home grown project started by two old friends with egos of sizable proportions. It all started with Simon (The Surgeon) sharing his new music with K.T. (Switchblade) at work. He'd been toying around with a few different concepts with the help of some new music software he'd bought and he had some finished instrumental tracks. Now he just needed to write some lyrics and find someone to put down some vocals. K.T., being the music lover that she is, was immediately impressed and begged him to let her write out some lyrics to two of the songs. The result was Valium, and it was decided that this would, indeed, be a beneficial partnership.
