70s Rock/Pop/funky/Bluesy/R&B YOU WILL MOST DEFINITELY DAMAGE YOUR EARDRUMS WHILE LISTENING AT LOW DECIBELS. Don't buy this CD if you like Eric Clapton or David Gilmour for that matter. 11 MP3 Songs POP: 70's Pop, POP: Beatles-pop Show all album songs: Jekyll Island Matinee Songs Details: Any novice motor enthusiast would be most familiar with the Corvette Stingrays first debut in 1953. Later however, circa 1968 Chevrolet released the even more tantalizing Manta Ray Corvette which was by far the most brilliant in its class for many reasons including its style and performance. It is an image most apropos which signifies the sleek and inexplicable sound of - The Manta Rays, from Boston. The Manta Rays are comprised mostly of old friends who have appeared in various settings and musical engagements over the years including, David McCormack (guitar vocals), Eros Lamb (drums vocals), David Caissie (electric bass), Damon Carter (piano keyboards), Jael Doughty (vocals), Jem Denis (vocals) and Jim Allard (tenor sax). The band however, was actually formed for the purpose of completing the album entitled Jekyll Island Matinee. While most of the material therein was composed by David McCormack except 'Arizona', by Eros Lamb, all of the aforementioned parties also play essential and dynamic roles in the success and musical accomplishment of Jekyll Island Matinee. The album is a vehicle that embarks on a journey of intrigue that nurtures and caresses the imagination while deriving candid snapshots of a reality through audible nuances coupled with lyrics that echo times past and present. The record is riveted with shrieking guitar solos throughout, (esp., e.g. 'Sugar Legs' and 'Chicago Typewriter') padded by solid driving rhythms accompanied by the sweet, exuberating voices of Jael Doughty and Jem Denis, sisters with like vocal chords and whose voices blend as smooth as songbirds and honeysuckle blossoms in the late of spring. Jim Allard, a well known artist and professor of the reeds and flute breathes life into 'She's Mine' and 'Beacon Hill Strut' courtesy of his own kind-heartedness and

for camaraderies sake. Damon Carter, another heavy hitter and well-known artist appears on several tracks providing texture and colourful hue to the final mix. Eros Lamb is a human time machine with impeccable rhythm and finesse. For a certainty, there are countless percussionists who make drums sing the way Eros does, but oddly none immediately come to mind. The Bass-man, David Caissie is a scientist with his instrument Dave's bass playing is oozing with melodic lines and creative harmonies and undertones. MoonSound Recordings is delighted to initiate the release of Jekyll Island Matinee by The Manta Rays.
