Show all album songs: Goodbye Tonight Songs Details: Zach Birnbaum was born in 1988 in Des Moines Iowa the adopted son to Richard and Shelley Birnbaum. From a young age he had a musical/rhythmical instrument in his hand from the pots and pans to a little plastic saxophone. Then in 5 grade he got his first guitar a black fender acoustic, drawing inspiration from the anxiety that is middle school he played his first show in the 8th grade talent show in which he played Outside by Stained (or as the announcer put it, Stained by Outside). His music has evolved from depressing acoustic rock to up beat progressive acoustic alternative, his influences being Amos Lee, Nickel Creek, John Mayer, Jack Johnson and Jason Mraz. This CD is the fist of many to come. Enjoy!
