15 Easy Ways To Boost Your Website Response "Announcing -- Discover The 15 Quick & Easy Tactics That Will Help You Make Considerably More Profit From Every Website Visitor You Receive" A huge percentage of websites online are riddled with profit leaks. Is yours one of them? Whether you're creating sales pages, affiliate landing pages, even content pages ... there's many ways you're losing potential profits from every visitor you receive. Now - whatever some people may tell you, you do NOT need to be a world class copywriter to make your website convert. If you've got a website online, you're more than halfway there. And here's the thing: Even if your website does have profit leaks right now, they're very easy to fix - if - you know what to look for... How To Permanently Banish "Profit Leaks" From Your Website And Grow Income Easily From my years of selling and promoting online, I've now got an automatic checklist that helps boost the sales of any site I put together. And what I've done is broken down many of these automatic checks into a series of coaching videos you can follow and easily apply to your own sites to great benefit. These are fundamental tactics and strategies for creating and writing your websites to help put as many things in your favor as possible, so that as many visitors as possible turn into customers, clicks, affiliate commissions ... however it is you're looking to profit. This product is designed to help turn your new and existing websites into even more profitable ventures quickly and easily, without getting you bogged down in complicated marketing and technical strategies, and without you having to spend a dime more on marketing or design. These website conversion tactics come in the

form of fifteen videos you view directly at your computer. I've bundled these powerful videos into a product called 15 Easy Ways To Boost Your Website Response: These fifteen videos come to a total playing time of one-hundred and eight (108) minutes. Here's a quick run down of exactly what you get:

Video One (4 Minutes) In this video I'll reveal a very easy to apply yet underused tactic that can get a lot more of your visitors hooked into reading your text instead of leaving your site. Video Two (7 Minutes) Here I'll show you a dead simple yet vital tactic to make sure you're maximizing your website audience.

Video Three (7 Minutes) In this video I'll show you a great tip for making your web pages load faster for all your visitors. Video Four (7 Minutes) Here I'll talk you through an incredibly simple yet often overlooked way to help maximize the number of sales your website makes. Video Five (7 Minutes) In this video I'll talk you through a fundamental and powerful way to make your visitors feel great about ordering with you right now. Video Six (10 Minutes) Here I'll talk you through case-studies of sites making great use of graphics to increase their sales, and how you can use these tactics as well. Video Seven (6 Minutes) In this video I'll talk you through a stupid-simple tactic that instantly makes everything you write a lot more inviting for your visitor to read. Video Eight (6 Minutes) Here I'll talk you through an "open secret" that if you're not using right now, you literally are losing money with every website visitor you receive. Video Nine (10 Minutes) In this video I'll reveal a very quick and easy way to add instant credibility to your message. Very important for any type of promotions online. Video Ten (4 Minutes) Here I'll talk you through how one silly web design mistake lost me a number of potential customers, and how you can easily avoid this pitfall. Video Eleven (7 Minutes) In this video I'll talk you through one of the most basic, most fundamental, but most important and underused tactics for getting and keeping the attention and interest of your visitors as soon as they hit your page. Video Twelve (7 Minutes) Here I'll talk you through the dangers of a common web design tactic that can lose you a surprising amount of sales. I've even seen this rookie mistake on the websites of established businesses. By knowing this you'll avoid their expensive mistake. Video Thirteen (10 Minutes) In this video I'll talk you through ways you can profit from your visitors weeks, even months after they come to your site. This alone can be one of the single-handed most profitable changes you implement to your site. Video Fourteen (8 Minutes) Here I'll reveal a dead easy way you can create and design a web page that's professional, very usable, and very readable - in five minutes or less! Even sites that make six figures a year are using this tactic, so why aren't you? Video Fifteen (8 Minutes) In this video I'll talk you through one of the most overlooked and

least talked about tactics, that can practically make the difference between your site being a runaway success, or not.
