One second before the last program dropped, Stewart punched his last tracer, an automated information agent he had just adapted. And on it's tail rode the Nano Nuke. Asta La Vista, Baby. The name of the hacker he had just hacked, and bombed, appeared on his screen - just three simple words: "World Security Agency" Exhilaration turned to fear, tingling with the acrid scent of panic. What have I done? Above the Earth, cradled next to the moon, lay the Sternkind. Earth's first colonization ship. A ship borne of ambition and courage, destined to fulfill mankind's dreams. But what dreams, and whose will she follow? For some people chose to follow their own dreams. Dreams of a better place, a new way, a new beginning. For those, if the will is strong and the determination great enough they just may reach their goal, if only they can stay alive while trying.
