Nice guy with a guitar writes catchy hooks and enunciates with maniacal precision. A genius behind the glass slaps a shivering tremolo sound on top of slick professionalism and creates pop gems with a little noise for the cynics. - Mike M. Listen.com 10 MP3 Songs ROCK: Emo, POP: Beatles-pop Details: Anthony's debut release "Flying At The Speed Of Emotion" easily keeps up with the power pop acts like Matthew Sweet and singer song writers Gavin DeGraw, Ryan Cabrera and Josh Kelly, but Anthony mixes sweet pop song style with a harder edge, honed by living and loving in NYC, that city that never sleeps. Now back from San Francisco, Anthony starts a new chapter to his writing. Anthony Joseph mixes a unique blend of Beatle-style harmonies with tasteful Alt-Rock guitar work. The result? Radio-friendly tracks bright melodies, infectious hooks, powerful guitar and soulful vocals that you'll have a hard time getting out of your head. Through lyrics that probe the lives and relationships of generation xyz, as they come together, come apart and struggle to just stay in the game, A.J. connects with the spirit of love in this new Millennium. From the album opening, hyper-catchy ode to empathy, "Feel It Too", to the frustrated and lashing-out "father", to the tearful tender "Favorite Place", Anthony's emotionally-charged work spans the range of emotions which fill us all. Written, performed and produced nearly single-handedly, "Flying At The Speed Of Emotion" will earn a top spot in your most frequently listened to CD pile.
