This debut album from the 22 year old Texas native, contains 13 tracks all written by Jacey. A nice blend of acoustic pop/rock, it's a collection of infectious pop melodies embedded in rich acoustic sounds. From the purely acoustic opening song, "Beautiful", to the bass heavy night-like lullaby, "Stars". There's also a fair share of some experimentation on songs like the danceable, senorita-heartbreak song "No S", and the brief dreamy instrumental piece, "Before You Get Out". Songs like "Good Kisser" and "Hardened" give listeners a close look into the heart of relational issues while "All Good" and "Little Pictures" stay true to commercial, radio-friendly pop sounds. Special guest acoustic artist, Leticia Flores also contributes amazing background vocals to the album on the spiritual awakened track, "Breathe Again". Be sure to visit JaceyMusicfor more info!
