Jason Goldman's nine piece acoustic jazz band featuring crisp, clever arrangements and some really great playing. And the writing is excellent, full of surprising twists and turns. I really enjoyed it! - Jim McNeely Pianist/Composer - Vanguard Jazz Orchestra I think this record is wonderful. Jason's writing/arranging skills are exceptional! And, all of the solos rock. - Bobby Watson Alto Saxophonist Former Jazz Messenger Goldman's writing is unmistakably contemporary and elevates the group to the performance level of a big band through creative use of harmony and multiple moving lines in his arrangements.
