John's original songs hold the melodies about life's threads connecting us all, that you'll want to hear again and again. 15 MP3 Songs FOLK: Folk Pop, ROCK: Americana Details: These are some of the songs I've written over the last several years that mean the most to me. With the invaluable assistance of Marc Moss, owner of Target Studios in Elkton, Maryland, and producer of this album, I'm able to bring them to you. I sincerely hope that you enjoy listening to them as much as I enjoyed creating them. As with my earlier solo effort, "Winds of Time", these songs are very personal in nature and 100 autobiographical. May you find them to be reflections of your life experiences as well.
