Details: When the Going Gets Easy Thats when the hard part begins some of us cant stand the peace when we run out of battles to win Stories and the title track set things up by exploring how, in truth, well see it when we believe it. Massena and Lusitania are very different tales of life taking an unexpected direction. One More tomorrow and All My Visions address the choice to leave the battles of the past behind, and the next three songs (You Are the One, Fool Me Once, and I Expected Better) deal with love found, love and friendships gone wrong, and moving on. Fire in My Belly was quite simply the result of, after all that, too much time spent taking myself too seriously. Once, the confluence of the Tigris and Euphrates rivers (Baghdad) was known as the cradle of civilization. The Burning of Eden was written after a U.S. General referred to it as the triangle of death. Such a breathtaking transformation deserves to be acknowledged. The lyrics and philosophy are inspired by the book Ishmael by Daniel Quinn.
