But don't expect a night of relaxation. Blending the rock of Led Zeppelin with lush melodies on cello and violin, the band puts on a captivating, moody and intense live show. Intelligent, impassioned lyrics weave through an ethereal swirl of Middle Eastern-influenced rock. Kim's vocals alternate between a delicate flutter and a soul-wrenching cry; coupled with her five-piece band, Kims Fable is a powerhouse that leaves the listener nothing less than mesmerized. The band's debut album, *Breathless*, was released in December 2000. Leader Kim Collins describes *Breathless* more as a "compilation" than a "first record" representing her recordings over the last six years. Despite Kim's intentions for this album to be a just a compilation of her work, she has been pleasantly surprised as to the strong reaction to the album. Nashville's influential AAA station WRLT jumped on the song "Cold Hearted" right away where it has remained in the stations top 100 songs of 2001. "Cold Hearted" is also a hit on MP3shooting straight to the Top 10 of the International Alternative charts, proving that Kim's Fable's appeal stretches across the globe. Kim's Fable recently won the Audience's Pick for Best Nashville Band on CitySearch.com. The band is currently in the studio working on their second full length album to be released in the fall of 2004 with famed engineer/producer Roger Moutenot (Lou Reed, Paula Cole, Guster...).
