Singing almost before she could talk, Kristin's musical sensibility has developed in the long tradition of sultry female singers whose inner strength is belied by a yielding sensitivity, startling in its intimacy. Combining lyrics stripped down to their emotional core with a vocal range encompassing the spectrums of harmony and feeling, power and tenderness, Kristin will melt your heart one minute and break it the next. And a pretty face never hurts. Khromozomes exist somewhere in New York City; a mad scientist, whose underground musical laboratory is the nucleus for experiments that break down the viral strains of monotony infesting the hip-hop landscape. With a mixture of plush instrumentals and wicked beats, Khromozomes concocts an elixir of moody tracks guaranteed to sooth the boredom blues, or double your money back Kristin Mainhart is the Voice.
