A collectors CD. A must-have. Buy it. 5 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, POP: Quirky Details: A first of its kind: Lipp Sings: Headlines is a lip-smacking, mouth-watering, finger-licking juicy buffet cooked with hilarious, satirical, unique songs broiled in scandalous headlines. These exceptional, whimsical songs offer different styles of music for different kinds of folks -- featuring sizzling-on-the-grill with Clinton: The Man - The Song, seasoned with OJs Objection...then baked to perfection with the belly-filling Sexual Harassment...topped-off with the saucy Clintons Blues. Phat! While working on the chain-gang (day gig); Leen and Reen showed their poem, Sexual Harassment to a studio entertainment Executive. Overwhelmed with the clever, superbly written lyrics, the Executive suggested that Leen and Reen turn this poem into a song -- hence the debut of Leen and Reens songwriting career. Being the comediennes that they are, they didnt stop there. Uh...uh... naw...naw... they didnt stop there at all. When other media-circus events happened; Leen and Reen discovered that they like to storytell controversial trials in a comedic way -- how the media and the key players handled these events in a guerrilla-like circus way. This blend of unusual controversial subject matters and events...coupled with rhyming words to perfection...all lampooned in a comedic way -- resulted to an unclassifiable, distinct style of their own...making each song a masterpiece. Lipp Sings: Headlines is a classic memorabilia that is soon to be a collectors item. There is nothing like Lipp Sings: Headlines anywhere! CLINTON: THE MAN - THE SONG Clinton: The Man - The Song brilliantly captures the essence of President Clintons scorching sexual affair with Monica Lewinsky and his battle to stay in the White House. Bill Clintons passion for playing the sax inspired the blues-style of this song. While the climactic saxophone screams-and-hollers

in orgasmic relief; the electrifying guitar toys with your emotions...and, the harmonica purrs -- oh so sweetly...in a sassy way. The pulsating beats of Clinton: The Man - The Song slam against the lyrics...caressing every rhyming word, yet wittily unfolding the story of the President...and the Intern. Lyrics from Clinton: The Man - The Song - Available on Lipp Sings: Headlines CD: Like the Owl and the Pussy-Cat, Monica came to get Hillarys man. Thousands of miles Lewinsky traveled to the Nations Capital with her plan. The former Intern seduced Bill Clinton and now has a White House ban. The Beverly Hills socialite is now President Clintons biggest fan. Kenneth Starr subpoenaed Lewinsky about Clintons alleged affairs. Denied immunity by the Independent Counsel, Monica vanished into then air. When Monica met the President, she flirted and caught Bills eye.... Lewinsky showered Clinton with gifts -- antiques, frogs...his famous necktie. Clinton bought gifts from Marthas Vineyard to give his adulteress the best. Monica unzipped Bills fly...ummm...and didnt give him any rest. Secret rendezvous in the Oval office...they thought there was no alibi. The OIC charged Clinton with perjury -- claimed the President did lie. (Spoken) The President has acknowledged a serious mistake, an inappropriate relationship with Monica Lewinsky...etc.... OJS OBJECTION If the gloves fit -- wear them.... Otherwise, put-up or shut-up! The media turned this dramatic courtroom trial into a zoo. Although this trial was a travesty, OJs Objection cleverly captures this frenzy, circus-like atmosphere into a non-judgmental song. Like the newspaper, radio or TV -- it captures the story. OJs Objection is an eerie fusion of rhyming rap-in-unison, tribal drum beats, heart-stopping piano riffs; and unusual chorale arrangements chanting - objection/sustain -- objection/overrule. All this coupled with vocal characterizations of the famous players in this landmark case makes this extraordinary song compelling. Lyrics from OJs Objection - Available on Lipp Sings: Headlines CD: Its the trial of the century. OJs making history...avoiding penitentiary.... With a double murder mystery Hes a heisman football superstar.... Sportscaster, actor for Hertz-Rent-A Car. Double murder, did the Juice go that far? Now Defense wants another sidebar. A wife batteral is the Prosecutors game. The Dream Team claims OJs been framed. Nicole...Ron...gone...what a shame. Now the witnesses; all getting their fame.... All because of this celebrities name. In a white bronco Al took OJ for a ride. He said, The Juice wanted to commit suicide. Al Cowling! What a friend...always by his side. Hey OJ! Do you have anything to hide? (Chorus) Objection...sustain! Objection...overrule! Objection...sustain! Objection...overrule!....etc..... SEXUAL HARASSMENT This electrifying, danceable song lampoons the blistering soap-opera-like nomination of Judge Clarence Thomas to the US Supreme

Court; and Anita Hill, an unknown law professor. Hills allegation that Thomas sexually harassed her transformed the confirmation process from a hearing...to a mockery of the judicial process. Who put pubic hair on my coke??? Sexual Harassment is a nexus of rich witty dialogue, meshed with animated interesting characterizations...and, of course Leen and Reens trademark -- rhyming lyrics. Sexual Harassment explodes like a stud missile catapulting you into ecstasy. Wow! This powerful enthralling song is entwined with raw vibrant energy that arouse excitement. ...Men, you may feel like taking Viagra. A long dong silver...enough to make you quiver! Lyrics from Sexual Harassment - Available on Lipp Sings: Headlines CD: Whats the story on Clarence and Anita? Wasnt it a grand affair? Or wouldnt she dare? Sexual Harassment -- I declare! Capitol Hill, Senate Committee, the nation suddenly aware. A country full of scandal.... Inflation is on the ramble. Unemployment, drugs and hard crime, yet sexual harassment hits the headlines. (Chorus) Sexual Harassment! Sexual Harassment! Clarence did decline. Anita claims sexual harassment, shell define. Sexual Harassment! Sexual Harassment! Sexual Harassment the latest crime! Sexual Harassment would you be mine? Whats the story on Clarence Thomas? A long dong silver...enough to make you quiver! Who put pubic hair on my coke? Enough to make you gasp and choke. The whole situation.... Oh what a joke! Whats the story on Anita Hill? Making allegation of political situation. Full of negations, of a Supreme Court nomination.... Foul play on the nation -- of the Chief Justice confirmation....etc. CLINTONS BLUES (Instrumental) Alluring -- the sultry sounds of Clintons Blues is a feast to the soul...a blues symphony to the ears...and a full course meal to the gut. An arresting orchestration of spanking guitar licks: Clintons Blues is hooked with a juke-house, honky-tonk harmonica sound from the Mississippi Delta; and...a wailing jive-talking saxophone that will leave you in rapture. Your body will gyrate...throbbing for more. ABOUT THE ARTISTS: LEEN AND REEN If diversity is the key, then Leen and Reen definitely have it.
