JAZZ: Smooth Jazz, URBAN/R&B: Rhythm Blues Details: Leon, a jazz guitarist and vocalist debuts his new CD, My Soul Speaks. No stranger to the guitar, at age 5 his grandfather gave him his first guitar and since then the instrument has played an important role in his life. In the late 70's and early 90's Leon lead his own band but made a personal decision to put his music on ice and keep it private until an unfortunate loss kindled his spirit. 13 years later he shares the music that has kept him grounded as he dedicate his new CD to the memory of his mother, the core of his being, who died from cancer. My Soul Speaks is a platform for Leon to express his ideas, his thoughts and his philosophy of life as he invites his audience to go with him to a place where peace, love and lightness of spirit dwells and speaks to the true character of the artist.
