Realizing the potential the three of them have, they joined forces in early 2002 under the name of LFR. Before, and while together they have toured with some of Hiphop's elite, including KrsOne, the Beatnuts, WuTang, Snoop Dogg, and Ludacris. They also have been opening act for just about every Hiphop artist that has ever visited their city. Their music is high energy. The type to get any crowd moving anywhere, while still appealing to headz in the streets with lyrics well capable of satisfying the hardest hardcore audience.
