Get Dirty is an Album Produced, Written and Mastered by the Artist widely known as "MAYOSKI" (TYRIE MAYO). This album is the product of my creativity and artistic abilities to make enjoyable music. The purpose of this album is to showcase my musical talents in production and my ability to make hit songs. The Title Get Dirty is basically letting the audience and my fans know that dirty is something that almost everyone has been, but no one wants to be. The word dirty also represents the south, the struggle, and the way our people were oppressed in South Carolina. The word also signifies that the only way to cleanse the soul, you would have to be dirty first. The Songs on this album are high intensity, and are the kind of songs that makes you feel dirty after hearing them. The Songs are like someone that has been beaten, hurt or close to death, but survived and you witness the wrath of their revenge, anger, and pain. So I am basically telling the world to "GET DIRTY" The track list include songs entitled "Take It Out Side", in which I am telling the world that I am not scared especially in the club. Another song titled "Bout A Dalla" exhibits my writing ability, and wordplay. But there are much more tracks for your listening pleasure. If you like Crunk Music then this album is a must buy. This album is considered the tales from darkness. Most of the songs are intended to be "Dirty Songs". This album is not made for the weak at heart. It is like a grim look at reality from the eyes of the beholder. So if you have not been dirty before, GET DIRTY!
