

## Mp3 Phil Schneider - Floribbean

[DOWNLOAD HERE](#)

An eclectic fusion of acoustic Americana, Caribbean, folk, and whatever else suits my fancy. 12 MP3 Songs in this album (42:23) ! Related styles: FOLK: Alternative Folk, COUNTRY: Americana Details: Adventure, passion, dissolving relationships. These are just some of the subjects that Phil Schneider writes about. Sometimes serious. Sometimes tongue-in-cheek. But always about people. People you'd meet on the street. To paraphrase the Desiderata, they, too, have their stories. The mis-adventures of an unnamed hero in Cruisin Down To The Yucatan or the stoical sermon on sin in A Crime of Passion. The tragedy of destroyed lives in the Florida hurricane of 1935. Love lost, humorously in The Best Thing To Have Happened and Esmerelda, or sadly in A Simple Song. Life struggles in Mojo Joe and An Island Sort of Way. The joie de vivre of The Puppy Song, It Aint What She Do, and Sonya The Stripper. Or the poignantly philosophical Once I Was Older. Its all here. Sung and performed by Phil and his faux musicians. What more is there? Maybe another collection of original songs on a yet to come CD. - Fret Flannigan
