His talents are in music and recording skills not marketing and promotion. Until now! He has worked with many legends of the music industry, such as Bob Dylan, John Prine, Donald Byrd, Jackson Brown and Edens Ahbez to name a few. In 1991 won a Grammy for sound engineering and playing drums on John Prine's "The Missing Years" C.D.. In 2003 Bandai released PlayStation games called "Silent Hill 3" and "Silent Hill 4" with soundtrack albums featuring Joe's vocal on "Hometown" and "Cradle of the Forest". Joe has also recorded a large catalogue of his own songs and instrumentals, with many co-writes on band projects such as The Marc Tanner Band, Soy Cowboy, Doug Hamblin and Meat Sandwich. His songs genre's range from simple love songs, to politically incorrect social statements. Now in this wonderful age where music can be sold on the internet, it's possible for his songs and productions to be heard. Joe's taken the best of his shelved songs from the past and created something he calls "Past Masters" Vol.1, 2 and 3. This Vol.1,

Is the Fun side of life! Songs intended to put a smile on your face. Keeping it light! This CD maybe a TREASURE, or it may be GARBAGE, as ART aways is! Buy one or collect all three!
