Details: Greetings in this odd universe, ruled by Madness and Ignorance, where a character called Nescii will discover a self-destroying world where everyone is their own trap and their own worse enemy ! Pacing up and down The Enchanted Grounds, wide fantastic wealth fields. Then Scarecrow Village, a village whose people were in decay for several years and where the only persons who are not so crazy are locked into an asylum overhanging the hill. Our protagonist will meet unusual people on his road, in a world where everything can happen everytime. But who really knows what Madness is ? In order to find his way into this Void Factory, he will finish by meeting one of the main characters of this story... At the origin of this Void, The Boor, representation of a part of everyone in this world, always followed by his minions, an alchemist whose devilish plans are boundless, and an overwhelming draughtboard, The Thingumabob, carried by toads, will show to Nescii the reflect of a world in ruins, living in insanity... But Does a world really deserve to be saved, despite the immoral values of the people who live in ? Now, stop talking about philosophy and crappy stories, time to listen to this stuff. Whimsically Yours. Spiky.
