the graveblankets play their own mutant brand of folk/pop/rock. 10 MP3 Songs FOLK: Folk Pop, POP: Folky Pop Details: Chris Arduser leads the dynamic, soulful and twangy Graveblankets, and the Pop/Country/Folk blend has the same addicting quality as Arduser's other bands, the bears and psychodots. With Arduser's soothing mandolin and Karen Addie's diversified fiddle playing, the band evokes a back-porch jam, which is almost misleading given the intelligent and skilled songwriting. The band is rounded out by psychodot/bear Bob Nyswonger on bass, guitarist George Cunningham and vocalist Bridget Otto. All in all, this is a finely crafted self-titled debut.
