What do you get when you put a self taught punk drummer and a thoroughly educated jazz guitarist together with a 4WD Toyota pickup drivin singer?? The best charged up rock and roll you've never heard in your life. Thunderin drums, ragin' solos. 19 MP3 Songs ROCK: Punk, ROCK: Hard Rock Details: Ok, so the story as it goes... In the fall of the year 2000 Maysam was struggling to maintain sanity as bandmate heroin-Mark sunk deeper into drug addiction and the once Traveling Perverts started going nowhere at all. Peat Henry was looking for something new since best friend and counterpart to St. Louis's legendary band Mini-Skirt Fetish left town. Mario was tearing his hair out working on a degree in jazz performance and composition and needed something to ease the synapses since the breakup of the Steven Hawking Quintet. And there was this guy named Gote E. Ote who had just gotten some chick pregnant and had no money to pay child support, so he needed something to do, too. Thus the Pubes were born. No, seriously! And from all this hell the shows just started happening... in basements, for fun, with lots of hilarity. And then somewhere in there an album got recorded, and a tour with St. Louis punk rockers Nineteen happened in the summer of 2002, then the decision to press the album was made, and recent live endeavors with bands like Sullen, Allergic to Whores, and The Whole Sick Crew have started the ball rolling in an unexpectedly good way. So here ya go, Wow Baby! Let's Go Wheelin'! Love ya!
