Thoughtful, literary, catchy, and musically gorgeous 13 MP3 Songs FOLK: Folk Pop, ROCK: Folk Rock  
Details: From high school talent shows to campus coffee houses to center stage at the Athens Halloween bash, Tony Xenos has been winning himself a place in the hearts and CD changers of fans for over 15 years. Tony spent several years as the front man for bands such as Cactus Pears and Rubberband Racecar Go. Now he has gone solo with his own brand of quirky, melodic folk-pop. Being a solo musician has not stopped Tony from melding rich vocal harmonies into his live performances, however. With a little help from his "friends," an RC-20 Boss Loop Station to be precise, listeners can enjoy a much fuller sound than that of a typical solo artist.
