Winfield Parker grew up with gospel music filling his life. From Sunday family gatherings reading from the Holy Bible and singing Amazing Grace to performing on stage with such Gospel luminaries as Mother Albertina Walker, Luther Barnes, Soul Stirrers, 11 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: I Greet You In The Name Of My Lord And Savior Jesus Christ "The very first memory in my life is me going to church with my Grandmother and Grandfather Parker. I think I was maybe four or five. Me in a big boy suit and tie - and no complaining now about that. Grandma wouldn't hear of it. Winfield Albert Parker was cleaned and pressed from head to toe. Indeed, we all had to be presentable to the Lord. No matter what was going on, no matter if two feet of snow was on the ground, we were going to church. Let me tell you. This was every Sunday, and I mean every Sunday. Sunday was the Lord's Day, and I knew that real well growing up. I mean, the Lord God was planted in me like Granddaddy planted his turnips and potatoes - down deep, tight in the ground, protected so to grow in the rich soil to produce a beautiful crop. Jesus was the foundation inside of me. He was planted inside me. He knew me and loved me always - even when I really didn't know Him. Once Jesus is inside you, planted inside of you - once you meet Jesus - you'll never be the same." Your Brother In Christ, Winfield Winfield Parker grew up with gospel music filling his life. From Sunday family gatherings reading from the Holy Bible and singing "Amazing Grace" to performing on stage with such Gospel luminaries as Mother Albertina Walker, Luther Barnes, Soul Stirrers, Jackson Southernaires. Lee Williams and the Williams Brothers. This was his calling. His calling from the Lord God was so firmly planted inside him from an early age. "If I can reach one - just one person with my music ministry - my work will have been done." His path in music wasn't always to the Lord. Winfield was like many teens attracted to singing popular music, or rock and roll, back then. "I had a gift -- I could play a mean sax, now. Even at a young

age, I was on the road playing my sax and touring worldwide with Little Richard's band. My manager back then saw that I could sing, too. So he started me opening for a number of groups. I could tear it up, you hear? I was blessed to perform on stage with the best - the Temptations, Four Tops, Lloyd Price, Chuck Jackson. And those are just a few. My life was great, I was making a name for myself, I was on top of the world. But God wants you to see His glorious light, and keep your eyes opened and focused on Him. Not everyone allows this to happen. Some people - even me back then -- were blinded by His light. His light is a beacon to direct you in His path. It took me some time to see and understand this. But I dedicated myself to reading the Word, and praise the Lord, I saw His beacon of light and allowed it to direct my path. I was no longer blinded by it. This is something I stress to young people. To understand how we view God's light. You can see it negatively, as blinding, or see His light as a beacon to direct you to His glorification. A long time ago, I redirected my God-given gift of voice to singing the Gospel of Jesus Christ. And, I have never wavered from that promise to my Lord God, perfect Savior."
