Traffic Passing Close 50mph Sound Effect #3 (sfx Wav)

[DOWNLOAD HERE](#)

This is a 50s recording of traffic passing L- R and R- L, with a good stereo image. It is mainly cars on a fairly busy A road. Be sure to check out files #1 and #2, which seamlessly tag on to this to create one long file. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
