BLONDE FOREST BEATDOWN: In our second beat down adventure, our poor male victim has been tied helpless against a tree deep in the forest after getting drunk at his own stag night. Unfortunately for him, his continued crys for release and pity are heard by a passing blonde girl, who just happens to be on her way to kick boxing training in her local village. With the guy now desperate to be set free, the fighter girl decides to take the poor guys money, driving license, and personal effects, whilst delivering a merciless physical beat down attack on him. She strips down to a bikini, and proceeds to smash and pounds his face and body with onslaught of rock hard punches and high kicks which as a result, leaves the poor guy totally broken, distroyed, and completely humiliated.
