

## Mp3 Big Sky Country Boys - Beer

[DOWNLOAD HERE](#)

Country music--kind of. Big Skys funny, strange and enjoyable approach to country music will have you tapping your toes and laughing all at once. 12 MP3 Songs COUNTRY: Western, FOLK: Traditional Folk  
Details: Country music--kind of. Big Skys funny, strange and enjoyable approach to country music will have you tapping your toes and laughing all at once. If you are an honest-to-goodness cowboy, please don't be offended; The Big Sky Country Boys tip their hats to the real men in chaps out there so let's just link elbows, spit some chew and have ourselves a little hoedown. The Big Sky Country Boys is a band composed of lifelong friends who are tranfixed on making as many people laugh as possible. Many members of the group have played together in previous projects in varying genres, including; funk, heavy metal, new wave and experimental. Doing country the Big Sky way means laughs, grins and shuffling feet. These guys have so much fun making music that it spills right through to the listener. Though many songs on their original album, BEER, poke fun at country--sometimes with subtlety, sometimes without--their sound is clean and brilliant. This recording is a Gangrene Production. For more information about Gangrene Productions, go to gangreneproductions.com. The musicians: Craig Nybo - Lead/Backup Vocals, Bass Guitar Larry Nybo - Lead/Backup Vocals, Drums, Keys Rob Griffin - Lead/Backup Vocals, Guitar Nate Peck - Lead/Backup Vocals, Auxilliary Percussion Jordon Augustine - Rhythm Guitar
